

Abram Hatch's Row
1867

When Abram Hatch was assigned by Brigham Young to be the Third Presiding Elder in Provo River Valley in 1867, he soon built a cut red sandstone home on the southeast corner of the intersection of 100 North (90 North) and Main Street. Eventually a row of businesses developed between his first Heber home and his business "A. Hatch & Son" on the northeast corner of the intersection of Center Street and Main Street (12 N. Main Street).

Later, he built a second beautiful cut red sandstone home at 81 East Center (Take a look at back side Zion's First National Bank)

This row of early businesses became known as "Hatch's Row" from Center Street to 100 North on the east side of Main Street.
